THE BROKEN BANKS.

The Depositors of the Stuyvesant Bank at Log gerheads-Efforts to Keep It Out of Bankruntcy-Statement by the Receiver-Arrest of Walter Roche, of the Bowling Green Bank-Depositors of the Market Bank Proving Their Claims.

The failure recently of several banks has entailed upon the creditors of them a great deal of annorance and the Courts much attention. So much d-tapeism is experienced by many of the depositors in establishing their claims that they begin to wish there never had been a bank in existence.

The Stuyvesant Bank.

The creditors of this institution have held several meetings, but the house is divided against itself, ne being anxious for the present Receiver, Mr. rcher, to wind up the concern, while others are working to get it into the hands of an assignee in ankruptcy, under the forty-third section of the aw. The small depositors, and by all means the majority, held a meeting yesterday, at the bank, when the Receiver gave an account of his tewardship, and resolutions were passed apreving of his action and supporting him as the proper person to wind it up. At three o'clock a ting was held at the office of the Receiver in Bankruptcy, Mr. Dwight, No. 7 Beekman street, by he other faction, who wish to have John H. Platt appointed Assignee in Bankruptcy. Mr. Dwight announced that out of the 738 depositors to whom notices had been sent 459 had proved their claims; 22s could not be tound, but of these fifty-one had voluntarily come and established their claims, making total claims paid 511. Of these only eleven, representing \$50,000 deposits, have voted for the appointment of an assignee. The papers in the case will be submitted to the Court for action, to decide whether an assignee snall be appointed.

Receiver Archer's report, which appears to have been satisfactory to the depositors, represents that at the time of his appointment there came into his hands the following assets:—

1.032 of blacks afterwards collected. 1.032 of blacks afterwards collected. 4.719 29 fills receivable of the nominal value of ... 241,337 of black claims of the nominal value of about. 168,112 26 nominal amount of about. ... 5590,000 00 great portion of the assets were in the tyrocers' Bank, being bills receivable, discounted by them of ... 19,200 00 and in the Manufacturers & Merchauts' 316,020 27

is hands.

It has caused to be commenced twenty-two suits upon the claims of the bank which came into his possession. Other claims, some of large amount, he considers it highly inavisable to sue, and he believes that it is only by careful nursing and judicious compromises that the greditors can resulte the amount of their just claims. For obvious reasons he does not publish the names of the debtors, but any creditor can get them uron inquiry at his office.

At the informal meeting of creditors he was requested to inform them why certain loans had been made by the bank. It must be apparent to every fair minded man that, inabuch as he has has nothing to do with the bank, except as a decositor, for two years, he cannot be expected to answer this question. He has been unable to discover any evidence of the bank was judicious can be determined by the creditors upon a proper investigation. He has no desire to shield any pider of the bank was judicious can be determined by the creditors upon a proper investigation. He has no desire to shield any pider of the bank riven any just responsibility, and as he is himself a creditor upon a deposit account he would be gised to have any mode pointed out by which he could increase the sassets, and thus increase his own dividend.

He believes that the lease of the bank building, which has allowed eight years to run, is of great value. He has removed here one of the could, and has made endewors to so the lease, thus far without success.

A ist of the creditors of the bank, so far as he can get at

oom that he could, and can hand the same that he can get at the far without success the bank, so far as he can get at hem, has already been published in the bankruptcy proceedings. Inaccuracies probably occur in this, as in the igures given above; he does not wish to be bound by any facures except the following, which express the actual amount of his cash receipts and discursements:—#84.045 16

sheir own expense.

It has pleased about nine-tenths of the creditores who have proved their claims to vote for the present receiver as such trustee, while but three votes have been recorded for the problem.

The Bowling Green Bank-Arrest of Waiter

Roche.
The vice president of this bank, Walter Roche, surrendered himself yesterday to Sheriff Brennan and entered into \$50,000 ball to answer the complaint made against him of misapplying the funds of the institution. The affidavit made in the case by Mr. Richard E. Seimes states that from the month of September, 1868, to the month of Novemmonth of September, 1868, to the month of November, 1871, he was secretary of the Bowling Green Bavings Bank; that the defendant was during that time the vice president of the said bank and the superior officer of deponent; that between October 31, 1870, and June 12, 1871, deponent, by instruction and direction of Mr. Roche, drew checks on the Bowling Green Savings Bank and against its funds to the amount of \$66,250, which were paid out of the funds of said bank, and not out of any deposits, money or credit in said bank belonging to defendant; that at the time deponent drew the checks he supposed that the proceeds thereof would be applied to the payment of the outstanding obligations of said bank, but such application was not made of the money, but converted the same to his own use, and has not repaid the same or any portion thereof to the bank. The amidavit of Shepherd F. Knapp states that on the 20th of November he was duly appointed a receiver of all the property, goods, chaters, assets, &c., of the Bowling Green Savings Bank, and after reciting the receiver's authority to commence suits in the interest of said bank, the affidavit goes on to say that deponent read the affidavit goes on to say that deponent read the affidavit of R. E. Selmes, and that no portion of the moneys mentioned therein have been paid to deponent as receiver or otherwise by Walter Roche,

The Market Savings Bank. A large number of creditors of this institution, in

obedience to the published call, visited the bank yesterday and proved their claims before the United States Commissioner, who was in attendance. The general feeling seems to be that the copositors will be heavy losers, owing to the speculations of Conkin, the absconded Secretary.

RULINGS OF THE TREASURY DEPARTMENT.

Treasurer Spinner has made the following ruling: In relation to business transactions with his office:-In relation to business transactions with his office;—
The Department can redeem notes only when some recognized portion thereof is presented, with proof that the remainder has been totally destroyed, told note that the remainder has been totally destroyed, told to the Assistant Treasurer in New York. They are, however, receivable by Assistant Treasurers and depbattaries in payment of all coin dues to the United states and by Collectors of Customs for customs only.

and dephataries in payment of all coin dues to the United states and oy Collectors of Customs for customs only.

The authority for collecting semi-annual duty from national banks is contained in the first section of the National Currency act. The government has not taxed any bonds of its own issue possessed by national banks, but has, under the law, collected in July and January of each year-First, on the average amount of notes in circulation, one-half of one per cent; second, on the average amount of deposits, excepting deposits to the credit of the Treasurer of the United States, one-quarter of one per cent; third, on the capital stock in excess of United States bonds held by the Treasurer for the bank, or owned by it, one-quarter of one per cent. The plain intent of the law as it stands is to require this duly to op paid by the national banks, without any reference to the kinds and classes of United States bonds owned by them; and there can be no refunding of such duty on account of the possession of payment hereaster without further legislation on the subject.

National currency is not a legal tender for any amount between individuals. It is exchangeable by assistant treasurers and depositaries of the United States for legal tender notes in sums less than 33; is receivable in sums of not less than 5 for postage to the United States, except customs.

There is no provision of law or regulation for the payment of compound interest notes which have been lost or destroyed, either upon bond of indemnity or otherwise. Relief can be afforded in each case only by a special act of Congress.

FINANCIAL AND COMMERCIAL.

On 'Change to-day wheat was oull and firm. The cotton market was quiet and a fraction lower.

MONEY PIVE TO SEVEN PER CENT.

The general features of the money market were unaltered. Among the stock houses there was an active inquiry at 6 per cent and an abundant supply at 7 per cent. The "short" interest is so much larger of late that the brokers find less difficulty in carrying stocks. Among the government dealers the rates were 5 and 6 per cent. Commercial paper was quoted 7 a 8 per cent discount for prime double

Foreign exchange was firm on the basis of 109 % 109% for prime bankers' sixty-day sterling and 169% a 110 for sight bills.

GOVERNMENTS STRONG.

GOVERNMENTS STRONG.

The government list was strong and an average of about ½ per cent higher, reflecting the influence of an advance of ¾ per cent to-day in the quotations of our securities in London, where there appears to the contract of the contract pears to be a lull, if not a calm, after the excitement about the Alabama claims. This improveabroad was modified in its effect here by the slightly lower range of the gold premium, result ing in the compremise of 1/4 per cent, as above noted. The market left off strong as follows:—United States currency sixes, 114% a 114%; do. sixes, 1881, States currency sixes, 114½ a 114¾; do. sixes, 1881, resistered, 114½ a 114¾; do. do., coupon, 115 a 115½; do. five-twenties, registered, May and November, 110¾ a 110¾; do. do., 1862, coupon, do., 110¾ a 110¾; do. do., 1864, do. do., 110¾ a 110½; do. do., 1865, do. do., 111¼ a 111½; do. do., 1865, coupon, January and July, 110¾ do. do., 1865, coupon, January and July, 110¾ a 110½; do. do., 1865, coupon, January and July, 110¾ a 110½; do. do., 1865, coupon, January and July, 110¾ a 110½; do. do., 1865, do., do., 111¼ a 110½; a 110%; do. do., 1867, do. do., 111% a 111%; do. do., 1868, do. do., 112% a 112%; do. fives of 1831, funded, registered, 108% a 108%; do. do. do., coupon, 108% a 108%; do., ten-forsies, registered, 107 a 107%; do. do., coupon, 110% a 111.

GOLD LOWER—110% A 110%.

The gold market was depressed by the sudden and considerable improvement of our bonds in London, but an equivalent decline was arrested by heavy purchases of gold on mercantile account, both for remittance in settlement of European debts and for payment of customs duties, which are at present quite important in amount, the entries of foreign goods at this port being unusually heavy, averaging eight to nine millions per week. Under these conflicting induences the price has ranged from 110% to 110%, with most of the day's business at 110%. The course of the market is shown in the table:-

STOCKS QUIET AND STRONG. The stock market was quiet and dull, with, at the opening of business, a weak feeling, that gradually gave place to a steady tone, and eventually to strength and moderate buoyancy, with an advance in prices. The chief feature of interest was furnished in Hannibal and St. Joseph, the course of which served to direct the movement of the general market. Some time since it will be remembered that the Governing Committee of the Board gave notice that no stock of this company would be a good delivery which was not registered with the Messrs. Duncan, Sherman & Co. This notice was reiterated to-day over the wires of the stock telegraph subsequent to an announcement through the same medium that the company's office had been newly opened at 78 Broadway and the stock registered with the Tenth National Bank. Originally Hannibal and St. Joseph was a Boston corporation, but the shares being dealt in here, the certificates floating in this market were, in compliance with a mandate of the Stock Exchange, registered with Duncan, Sherman & Co. Thus there were two kinds of stock, New York and Boston, the latter not being s good delivery until "cleared" by the Boston books and recorded here. Latterly the "New York party" got control of the election and brought the offices and all the books to New York, but on the representation that a clique, a ring in the directory were about to issue new stock, the Governing Committee ordered that no stock should be a good delivery, except such as registered with Duncan, Sherman & Co. It is said the "ring" intended springing the new issue upon the street to-day; but, whatever their plans, they have been folled by the Governing Committee, who have deprived the new issue of any market. It was thought that no new stock could be issued on account of a general law of Missouri (where the road is lo-cated) which forbids the sale of stock at less than par, but the "ring" claim that a special act was passed for their benest in the spring of 1869, allowing the present issue-the moral of all of which is that any one desirous of investing in the shares should be careful to buy through a reputable broker and demand certificates ruled good by the Stock Exchange. The price of the stock dropped to 42% this morning, when the machinery had all been arranged for marketing the new stock (the legitimacy of which is further denied on the ground that the requisite preliminary notice of thirty days was not given to the Board), but railied back to 46 on the action of

tne Governing Committee in shutting off the market

"shorts," whose stock was bought in under the rule this afternoon. After the of this matter, which occupied and had lowered prices in the morning to, for some specialties, nearly the lowest reached in the "break" of Monday, an improvement set in, lasting to the close of business, when, although the dealings both in the decline and upon the advance had not been large, prices ranged ¼ a ¾ above the opening figures. Hannibal and St. Joseph preferred stood quiet at 64 throughout the commotion in the common stock. Erie was strong on Albany acrices offering more hopes for a repeal of the Classifica-tion act. Harlem recovered to 11234 on light trans-

Officer Michaels, of the Ninth precinct, yesterday morning arraigned before Justice Cox, at Jef-ferson Market, Patrick Dean, a notorious character of the Ninth ward, charged with mayhem. The officer stated that while endeavoring to convey Dean to the station house in Charles street he knocked him down, and getting one of his fingers in his mouth he nearly bit it off. With the assistance of Officer Rielly the ruffian was conveyed to the station house and locked up. The prisoner denied the charge yesterday morning, but was committed in default of \$3.000 to appear for trials

THE PRIZE RING.

Mace's Money Covered by O'Baldwin. [From the New York Clipper, Feb. 17.1]

After our past issue went to press the silence of
Ned O'Baldwin in regard to the challenge issued by Jim Mace was satisfactorily explained. He had

written from littsburg to certain parties in Boston, written from l'ittsburg to certain parties in Boston, formerly entausiastic supporters of him, requesting them to cover the deposit leit by Mace, and he fu lly expected to find when the succeeding week's Ctipper came to hand that his request had been favorably entertained. Being disappointed in this, he at once forwarded to us a draft for the amount required to cover Mace's money, accompanied by the letter which appears underneath, and which, in part, defines the conditions upon which he desires the match made. It will be noted, upon perusal thereof, that he wishes the fighting ground to be fixed within fifty miles of the Crescent City. Here is his letter of acceptance:—

be fixed within fifty miles of the Crescent City. Here is his letter of acceptance:—

PRANK QUEEN, Esq.:—

DEA 2 Sin.—I observe from your last issue of the New York Copys. that Jim Mace has deposited in the hands of a responsibility of the consequence of the New York Copys. The Jim Mace has deposited in the hands of a responsibility of the consequence of the New Creans, within five man glob, as a forrelt to fight him for fixed or side, within five matter of the consequence of the con (We have handed the draft for \$500 to the temporary stakeholder, Mr. Ed. James.—ED. CLIPPER.)

George Rooke and Tom Kelly-Articles of

Agreement Sent On. On Monday, February 12, George Rooke called upon us and declared his intentions in regard to the ultimatum of Tom Kelly, which appeared in the Citpper of last week. He has concluded to accept of the locale mentioned by Tom, objecting merely to of the locale mentioned by Tom, objecting merely to the clause supuinting that the weighing small be done the day previous to that chosen for the fight, believing that by so doing Keily would have a great advantage over him, being a man who increases in weight much more rapidly than he. As Detroit is considerably nearer to st. Louis than to New York, the Eastern boxer thinks it only fair for him to hissis upon having the milling ground located upon Canadian soi, cast of the City of Straits, though he is, at the same time, willing to toss for choice in that section. Agreeably to the request of Keily George forwarded to him articles of agreement on the evening of the 12th, the substance of the stipulations contained in which is as follows:—The match to be for the championship of middle weights and \$1,000 a sine, and to be decided in Canada, within fity miles of Detroit, on Wednesday, May 22, the man winning the toss for choice of ground to give the opposite party ten days' notice of the place; the men to be confined to 164 pounds, and to weigh on the ground between seven and eight o'clock A. M.; the men to be in the ring between eight o'clock A. M. and twelve o'clock M. Two hundred and fifty dollars a side are now up, and the second deposit, of like amount, must go up on March 20; the third, of \$500 a side, on May 8. A final stakeholder to be selected at the time of putting up the last deposit, when the toss for choice of ground will likewise take place.

MARRIAGES AND DEATHS.
